Embark on Adventures with Kip's Trips: Your Full-Service Travel Companion

After spending a year abroad in Madrid, Spain, during her junior year in college, Kip Anderson caught the travel bug, and began taking groups of young people to South America, Central America, Mexico and Spain for summer language and culture experiences. She has traveled the world and is very knowledgeable about where to go and when, how to navigate the city or area you are exploring, best places to stay and great places to eat, drink, and people-watch. If you want to go to France, for example, she has

multiple land itineraries to suggest, plus tour operators, as well as cruise recommendations, because she has sailed on almost all the major cruise lines. She also knows which airports to avoid and how to route client journeys, so they are efficient and provide great experiences and memories. Her company is a full-service agency which prides itself on excellent customer service and knowledgeable and friendly support at all stages of the trip-planning process. And, in the case of something going amiss, she is right there to jump in and assist!

Professionally, Kip has been a school principal, translator, tour guide, teacher and workshop leader and she built her career on clear, effective communication and collaboration. She managed logistics, empowering people and enjoyed the communities that she served through the years.

In addition, she loves to cook and bake and one of her favorite things is trying out new restaurants and food items in the countries she visits, making her able to make recommendations that give a true feel for the country through its cuisine.
